📁 PROJECTS

Personal Portfolio

I designed a polished web portfolio with HTML, CSS, and JavaScript, showcasing my web development skills, including Billing Software, E-Commerce, and Mini-Projects, in a clean and user-friendly interface.

Billing Software

Designed and developed a comprehensive Billing Software application (using Python) to streamline invoicing and payment processes. Collaborated with a team to gather requirements, design the system architecture, and implement key features. Utilized to create an user interface and robust backend functionality.

E-Commerce

I played a key role in revamping the online shopping experience by collaborating with designers and developers to create an attractive and user-friendly E-Commerce website.

Mini Project's

• Weather Forecast Website:

I created a real-time weather forecast website using HTML, CSS, and JavaScript, incorporating geolocation for automatic location detection to provide users with current global weather information.

• To-Do List Web App:

Designed a task management web app with HTML, CSS, and JavaScript for efficient task organization, including adding, completing, and deleting tasks, boosting productivity and organization.

• Text-to-Speech Converter Web App:

Built a text-to-speech app using HTML, CSS, and JavaScript, featuring an intuitive interface for text input and playback, greatly enhancing accessibility for the visually impaired and auditory content enthusiasts.

🧠 SKILLS

- | | | |
|--------|--------------|--------|
| • Java | • Python | • HTML |
| • CSS | • JavaScript | • SQL |

🎓 EDUCATION

2020 – 2024 Nandyal	Rajeev Gandhi Memorial College of Engineering and Technology(RGMCET) Computer Science and Engineering
2018 – 2020 Nandyal	Narayana Junior College MPC - Mathematics Physics Chemistry
2017 – 2018 Nandyal	Good Shepherd English Medium School SSC - Secondary School Certificate

📜 CERTIFICATES
